Primovert microscope stand
with binocular phototube
and fluorescence unit (without fig.)
415510-1105-000

Primovert microscope stand
with binocular phototube
fixed beam splitting (vis/doc 50:50)
415510-1101-000

Primovert microscope stand
with binocular tube (without fig.)
415510-1100-000
each inclusive:

Primovert fluorescence only include
LED light source
415510-1201-000

Transmitted-light illumination
with 6 V 30 W halogen bulb
415510-1200-000

Stage insert, metal; D=110 mm
415510-1301-000

Primovert microscope stand
with binocular ergotube
415510-1102-000
inclusive:

Transmitted-light illumination
with 6 V 30 W halogen bulb
415510-1200-000

Stage insert, metal;
D=110 mm
415510-1301-000

Primovert microscope stand with
integrated camera
415510-1104-000
inclusive:

Transmitted-light illumination
with 6 V 30 W halogen bulb
415510-1200-000
(this type only includes LED light source
415510-1201-000 in standard packing)

Stage insert, metal;
D=110 mm
415510-1301-000

Stage insert, metal;
D=110 mm
415510-1301-000

Stage insert, glass;
D=110 mm, d=38 mm
415510-1302-000
